

The new Parish Council are aware of peoples concerns of the lack of transparency and openness regarding Parish Council business over the last few years.

This Council is actively working towards being open & transparent and engaging with residents of Finningley village, our Ward Councillors and DMBC.

Unfortunately this approach may have upset some residents but the Parish Council collectively believe that this is the best approach in order to be open and transparent.

If you have any concerns regarding village issues please direct these to the clerk in the first instance preferably by Email: [finningleypc@yahoo.com](mailto:finningleypc@yahoo.com) or Tel: 01757 630077 so these can be investigated and hopefully resolved.
